"Forge thy tongue on an anvil of truth, and what flies up, though it be but a spark, shall have weight." --Plindar

By Burnis K. Lawrence  
Publisher

LET'S ACT NOW

I am writing this Friday afternoon, August 13, after spending some time in the East part of Hondo, on Avenue M and near the Kollman Oaks section. The visits to these areas convince me it is time for:

\* The City Council to renew its efforts for an adequate drainage system. They have made efforts in the past through ACOG, but to no avail. Now they should probe every avenue for available funds. Rep. John Poerner has assured me that he will meet with community leaders to map plans on which the state might be approached. And Monday when Jess Ward of the State Civil Defense office in Austin visited Hondo, he said he would go back to Austin and talk to Fritz Lanham, the Governor's coordinator on these type projects.

\* The citizens of Hondo to pitch in and help support such a program even if it raises taxes some more.

\* The Citizens For Better Government to stop and take a long look in the direction their efforts are taking them. Perhaps they could do much more for the Mexican-American citizens of Hondo if they would stop championing the drunks and other law violators and place more emphasis and effort on solutions to provide good housing, better drainage, more lighting, better streets and other needs that will benefit a majority of their people as well as the city as a whole.

Every citizen of Hondo should have made a trip Friday. They should have waded more than waist deep--and in places over a man's head--through East Hondo to take a close look at the many homes with water covering all the belongings of the families who lived there.

Such a Friday wade could have been followed by a Saturday or Sunday stroll around the same area to see the mud and debris that filled homes and covered furniture and clothing.

These trips would, I believe, bring on an immediate feeling that "we should do something now."

Certainly an adequate drainage system would cost money. But, there are state and federal funds available to help in these situations where a flood such as last week turns about half of a town the size of Hondo into a disaster area.

Yes, it might also take a few more local tax dollars. However, after last week don't you think it would be worth it?

I BLEW IT AGAIN

Well, I suppose I lost another friend last week. Doc Taylor has been an amiable and helping friend during my short stay in Hondo.

However, last week I did him dirt.

He came into the office sometime Wednesday morning and gave me a slip which

## Ticket sale opens Monday

Season tickets for the Hondo Owls' five home games go on sale Monday, August 23, Supt. Kenneth Flory announced this week.

"All season ticket holders may pick up their tickets at the Superintendent's business office beginning Monday," he said. "And anyone wishing to make a change in any way, please notify us at once."

Other persons interested in buying season tickets for the five games can go by the business office, look at the seating chart and select their tickets.

"Price for a season ticket is the same as last year, \$750 for five games," Flory said.

Individual tickets to home games go on sale on Monday prior to the game, except on the first home game Sept. 10. Due to Labor Day holiday tickets will go on sale Tuesday, Sept. 6.

Home opponents include: Del Rio (Sept. 10); Pearsall (Oct. 15); Carrizo Springs (Oct. 22); Southwest (Nov. 6); and Poteet (Nov. 12).

## Chamber to greet teachers

Teachers in the Hondo schools will be honored at 10 a.m. Monday in brief ceremonies by the Hondo Chamber of Commerce.

The affair will take place at the In-Training Session to be held at the new McDowell School beginning Monday morning. At their regular morning break teachers will be treated to coffee, donuts and soft drinks.

Chamber Directors and all other interested members are urged to be on hand to meet and talk with the teachers. Chamber Manager Harry Elife man said.

"Chamber members and directors feel that the teachers in Hondo schools are vital assets to our community," President Rene Aelvoet said in announcing the event.

## Lucky miss to win title Friday

Miss Hondo 1971 will be revealed Friday night in the air-conditioned cafeteria of the new McDowell Junior High School.

Chairman Bill Green says the Miss Hondo Pageant, under the sponsorship of the Hondo Lions Club, will begin at 8 p.m. with Mrs. Martha Iris Goodman of Beeville as director.

Miss Hondo will be named from among 30 young girls who are vying for the title.

They include: Vicki Graff, Lanell Saathoff, Melissa Muennink, Debbie Howard, Karen Wernette, Irma Campos and Molly Zerr.

## Flood claims life of Hondo man

Ignacio Rios, 80, of 909 Ave. M in Hondo was Hondo's only victim of the flood last week. The body of the elderly resident was discovered early Saturday morning, Aug. 14, by Ernest Bendele, on horse, where Live Oak slough crosses 22nd Street. Here Victor Rios, center, identifies the body of his father. Justice of the Peace Harold Herring

second from left, ruled accidental drowning and said Mr. Rios had apparently fallen into the water at this point since his hat was still beside the body and there were no bruises or marks on him.

Sheriff Charles J. Hitzfelder, left, investigated the drowning.

(Photo by Burnis Lawrence)

## Raging waters flood area

Flood waters, turned into

raging torrents by as much as 21 inches of rain in two days, tore through Medina County Thursday and Friday of last week killing at least two persons and damaging farmlands and homes and destroying livestock and bridges.

Rising quickly, millions of gallons of water whipped through these areas stranding many persons and inundating

thousands of acres of farm and ranch lands.

At times on Thursday and Friday highways were closed and Hondo and D'Hanis were completely shut off.

In Hondo the floods claimed the life of Ignacio Rios, 80, Friday night when he apparently walked into the wa-

ter where Live Oak Slough crosses 22nd Street. His body was discovered early Saturday morning. On Thursday Clyde M. Jones, 51, of Rio Medina died when his car was swept into San Geronimo Creek.

No accurate estimates could be given on damages except that with the heavy loss of top soil, fences, some crops, some livestock, bridges, the costs would soar to hundreds of thousands of dollars.

The newly organized Sheriff's Reserve was called into action and members worked more than 250 hours helping wherever needed.

Rescue operations, directed by Sheriff Charles Hitzfelder and Sgt. Ollie Clark of the Department of Public Safety, were swift in the outlying areas. MAST and Army helicopters worked overtime air-lifting stranded residents to safety.

Much of this operation took place in the Quihi and New Foothills area where overflowing Witch Creek and Hondo Creek made a shambles of everything. John Henry Boehle said his brother's barn was destroyed by a lightning strike on Thursday morning.

Mrs. George H. (Ida) Wimmers, 86, had the experience

of her life when she had to be lifted to the helicopter by basket.

Texas State Guard and National Guard personnel helped in evacuating residents in East Hondo and in Kollman Oaks. However, it was erroneously reported that only one lone fire truck was getting people out. The County had three trucks, a front loader; the city had some trucks; and Sgt. Bill Green of the local Guard was utilizing his vehicle.

Sheriff Hitzfelder countered the story that "no one was warned" the water was rising. "We had cars in there Thursday and trucks in there (East Hondo) Friday telling the people the water was coming up.

In trying to estimate damages to farm and ranch area, County Agent Glenn Bragg said it was impossible to even guess at this time.

"Primary loss has been soil erosion and fence damage," he said. "Although certain farms had extensive damage, the overall damage was not as great as expected."

Bragg said the County Disaster Committee met Tuesday morning and made application to the State Agriculture Department for approval of e-

\*\* Please Turn to Page 3

## School bells ring Aug. 25

It is expected that some 65 more students will attend opening day of school on Wednesday, August 25, than went through the doors the first day in 1970.

Supt. Kenneth Flory says the total projected enrollment will be slightly up this year. Putting heavy stress on the "projected" portion of his statement, Flory said it looks like enrollment figures will show, with 1971 figures first: High School -- 480 (448); McDowell -- 550 (548 at Lacy); Meyer -- 600 (554). This gives a total of 1610 as compared to 1545 in 1970. Grand total including special education students will reach 1688.

Junior High will work on a 7-period school day in order to spend two class periods on English and Language Arts.

High School will offer three additional courses in speech, business communications and Typing II.

Band Director Billy Harrell will be a busy man this year. He will have the High School Owl Band and a Junior High Band. Also this year the beginner band will begin in the fifth grade.

Teachers will get a taste of the new year first by reporting to the McDowell Cafeteria at 8:30 a.m. Monday for two days of in-service work.

Classes will begin at 8:30 a.m. August 25 and will let out at 3:35 p.m. The super-

intendent said buses will run on the same routes and time schedules as they did last year.

He also pointed out that cafeteria hours will be: High School, 11:45 a.m. to 12:40 p.m.; McDowell and Meyer, 12 noon to 1 p.m. Lunches will be 35 cents for students and 45 cents for teachers.

Junior High will work on a 7-period school day in order to spend two class periods on English and Language Arts.

High School will offer three additional courses in speech, business communications and Typing II.

Band Director Billy Harrell

will be a busy man this year. He will have the High School Owl Band and a Junior High Band. Also this year the beginner band will begin in the fifth grade.

When school begins it will

mark the first occupancy of some \$1,100,000 worth of new structures. This includes

equipment. Largest chunk of

that amount of course is the McDowell School. Also new this year will be a classroom and shop for Vocational Agriculture; a new sewing lab, food lab and classroom in Vocational Homemaking.

Supt. Flory said the new

McDowell Junior High School will be dedicated sometime in late September.

## Guest Editorial

## Now is the time to act on county watershed projects

By E. L. Abbott, Unit Supervisor

Medina Valley Soil &amp; Water Conservation District

Too much water at the wrong time may be as serious as too little.

Hardly a year goes by without disastrous floods occurring somewhere in the U.S. We in this district have great problems with uncontrolled water.

Solution of water problems takes teamwork. All the people must plan and act together to make the best use of all their land and water resources.

We of the Soil Conservation Service have worked very hard on the Seco and Parker Creek Watershed. Our records tell us of the millions of dollars that have been lost in the past, and we keep preaching that the floods will come again and again, each time taking toll in property and severe soil damage.

Let's speak of the 10 proposed dams that we have engineered. The two dams planned on the Bonnard Rothe and Odie Gilliam properties would have completely controlled Parker Creek. The Seco would have been controlled by the other water shed dams. This flood like many others cost millions of dollars to our District.

When roads, highways, bridges wash out, our tax dollars must be used in repairs. The cost is so severe that it cannot be placed on paper. The community of D'Hanis, all the families who live up and down the Seco and Parker Creek can never relax or rest comfortable until the danger of flooding is controlled. Fences and real estate damage can be re-

placed, but lives and our valuable top soil are lost forever.

The Hondo and Verde creeks also took their toll in severe damage. Two lives were lost in our District. We of the Soil Conservation Service have the answer. We must work as a team to control our Seco and Parker Creek watershed. Then we must move on to other watersheds to conserve and protect each other from severe flooding.

Water control and conservation cannot be separated from soil conservation. Since urban and industrial uses also make demands on water supply and affect its quality, city people as well as farmers must take part in watershed projects.

Farmers across the nation are attacking water problems where they begin--on land. The teamwork on the part of local people is matched by teamwork among government agencies such as the Soil Conservation Service.

We have completed the design and engineering work on the entire Seco and Parker Creek, and we stand ready for the go ahead sign. This must come from the landowners. Together we can control and saddle this watershed.

And then, in future floods, her waters will give full benefit to our district and landowners. And together we can break her record of being a watershed that brings expense and destruction to everyone.

We have lost by waiting. It is our hope that this flood will remind us of our conservation responsibilities.

PARKER'S CREEK OVERFLOWS

... causes flooding in streets of D'Hanis, including Jake Weynand's Welding shop and home.

## Letters to the editor

## Poerner tells his side

Dear Burnis:

I would like to correct the statement in the August 12th, 1971 issue of the Hondo Anvil Herald under the heading "City Council Meeting" on page 3, which had been continued from page 1. Your coverage of the Council meeting indicates that I had made an agreement to pay \$5,000 to the City and have now changed my mind. Please allow me to add a few facts, if I may.

And then, in future floods, her waters will give full benefit to our district and landowners. And together we can break her record of being a watershed that brings expense and destruction to everyone.

We have lost by waiting. It is our hope that this flood will remind us of our conservation responsibilities.

property would be beneficial only if I could use them. On April 2, I wrote a letter to all the utility departments and asked for a cost for placing utilities on my sub-division. By the May 18th Council meeting, when the \$5,000 was discussed, I had not received the cost figures from the departments. I received most of them about June 15th at which time I found the utility costs to be prohibitive. At that time I also asked that the Ci-

ty not install the utilities for my purpose.

In summary, where the initial charge to me was going to be \$5,000, it is most significant to note that another \$23,000 would have been required from me for utilities in the sub-division along with streets and etc.

Thank you for allowing me to pass on my comments to supplement your coverage of the Council Meeting.

Sincerely,

John H. Poerner

Registration continues  
at St. John's School

Registration is continuing at St. John's School and vacancies still exist in all grades.

"Due to the flood Sister

Maureen Leonard, principal, will continue taking registrations through next week," a spokesman said.

School bells will ring at

8:30 a.m. Wednesday, Aug. 23, with Sister Pauline Hynes being homeroom teacher for the first grade; Mrs. Rudy Moos, second grade; Mrs. Elmer Joe Leinweber, third grade; Sister Lelia Carey, fourth grade; Miss Nelda Morris, fifth grade; and Sister Maureen Leonard, sixth grade.

PTC officers, Father George Stuebgen and the nuns met Tuesday night, Aug. 17, to discuss the school year. The first PTC meeting is scheduled for Sept. 21.

Continued From Page 1

upon deciphering I found to read: "There will be rain in Medina County within 24-hours (front or back) of August 13. The early morning moon change occurs at 6:30 a.m. Friday and this will bring on rain."

It had showered Wednesday morning and I said, "Doc, it has rained already." "Oh, there will be much more than this," he told me.

And was he right!

Yet, the sad part of the tale is that I stuck the note in my shirt pocket and remembered it Thursday morning at 7 a.m. when I waded in the rain to my car.

What can I say except, don't get upset at Doc. He only predicts the rain will come. Someone else higher up turns on the faucet.

## RAIN FROGS HAPPY

Thursday morning about seven the slough west of the new junior high school sounded like it housed a million rain frogs (that's what we call them in East Texas). For the life of me I couldn't tell from the din if they were lamenting the rain, gleefully welcoming it, or croaking plaintively for more.

I couldn't help but remember the time back in East Texas when my Uncle was courting this girl real heavy like.

One Sunday evening about twilight time they were sitting on the front stoop of her house. The stillness of late evening in East Texas is noted for its carrying of sounds.

That night the choir was singing in the little church about a half mile up the road. And the Katy-dids were chirping in the Red Oaks. The girl was listening to the choir and Uncle had his ear tuned to the Katy-dids.

"Oh, listen to that," she exclaimed. "Isn't that the most beautiful sound in the world!"

"Yep," my Uncle replied. "And just think, they make that noise by rubbing their hind legs together."

## A SMALL WORLD

The arrival of William Hare to Hondo as supervisor of the new Weather Radar Station revealed a story which I have wanted to use and illustrate, but circumstances have prevented it.

Hare, who is a native of Austin, came to Hondo via Memphis, Tenn. But he soon discovered one old friend in his new hometown.

When he walked into HEB soon after his arrival in town, he came face-to-face with Manager Tex Kriewald whom he recognized.

It seems that when Hare was a boy growing up in Austin several years ago, he sacked groceries at a local HEB store. And who was the manager? You guess it. Tex Kriewald.

## NO SUBSCRIPTION DRIVE

In the August 12 issue of the Anvil Herald we ran an ad on a free color picture for each subscription to the Anvil Herald.

Due to conditions brought on by the flood we are cancelling that drive at this time. Maybe in the Spring of next year we can work out another such offer with this company.

Now we certainly want you to go ahead and subscribe for we are convinced you can't get a better buy anywhere to our newspaper. But at this time the portrait offer is off.

## SCENT-IMENTAL TRIP

Getter Crow swears this is a true story of the flood:

"When the flood waters spread across 16th Street, I saw a skunk seeking a way out of danger. She ventured a few feet through the water, then turned back to a log where three baby skunks were waiting for instructions.

"The mother nuzzled each one as if to reassure them, then evidently ordered them to follow her. This they did, made it safely across to the edge of our walk and then skittered across the back yard to some new secret hiding place without leaving even a whiff of a clue."

emergency conservation practices.

"Some crops were flooded and washed out to the point where they can't be harvested," Bragg said. "Some livestock is gone, but even ranchers don't know how many right now."

He said that damage as a result of continuous rains is that some corn and milo is beginning to sprout on the stalk, thus lowering the quality. "We certainly need about four weeks of hot, dry weather to harvest the crops," he added.

Bragg said that miles and miles of fences are down, some gone completely, some laying down, others in varying stages of damage. "And top soil in some fields is completely gone and in others badly eroded."

Resident engineer for the Highway Department, C. E. Hackebel, said damage to highways in the area would run more than \$200,000. "Verde

## Darlene K. Smith weds Robert Lynn Woerndell

Miss Darlene Kay Smith became the bride of Robert Lynn Woerndell Saturday, July 31, 1971, in Tuloso-Midway Baptist Church with Reverend A. D. Norris performing the double-ring ceremony. Organist Mrs. Gary Talley provided traditional wedding music and Mrs. Jean Kenechicks sang.

Parents of the couple are Mr. and Mrs. Boyd H. Smith of Corpus Christi and Mr. and Mrs. Herman O. Woerndell of Hondo.

Given in marriage by her father, the bride wore a princess-style gown of chantilly lace over peau de soie. Her veil of illusion was held by a satin bow. She carried a cascade of spider mums and

terered with white rosebuds.

The bride's maid of honor was her sister, Miss Janice Marie Smith. Other attendants were her cousin, Miss Patrice Voss of Normanna and the groom's sister, Mrs. Garland Wiemers of College Station.

Serving as his brother's best man was Fred Woerndell of Hondo. Groomsmen were Garland Wiemers of College Station and Marvin B. Voss of Normanna, the bride's cousin.

The groom's brother, Richard Woerndell, and James Boyne of Corpus Christi were ushers for the occasion.

Following the ceremony, the couple was honored with a reception in the church hall. They will make their home in Hondo.

## Showers compliment

### Miss Mary Britsch

Miss Mary Britsch, who will wed John W. Healy Saturday, Aug. 21, at St. John's Lutheran Church in San Antonio, was complimented with several pre-nuptial events.

A "kitchen-gadget" shower was given July 20th by the bridesmaids - Misses Kathy Graff, Clydell Koenig and Kathy Britsch, and Mrs. Richard Winters, Jr. and Miss Cindy

Schuehle, in whose home the event was held. About 20 guests attended.

A miscellaneous shower was held on Aug. 20 at New Fountain Methodist Educational Building. Seventy-five guests attended the bride's book.

Hostesses were: Misses William Bain, Douglas Bohmfalk, Erwin Bohmfalk, Wesley Breiten, Alvin Britsch, Leroy H. Britsch and Alfred Brucks.

Others were Misses Eileen Brucks, Albert Bryant, Garland Chambers, Joe Embrey, Bud Guinn, Hubert Hermes, Fred Heickman, Bill MacCammon, Arnold Loessburg, and Richard Winters, Sr.

Also, Misses Kathy Britsch and Charleen Lutz.

Mr. and Mrs. William J. Healy will honor their son and Miss Britsch with a rehearsal supper at Herman Son's Hall on Friday, Aug. 20.

## Women gather at lunch

A group of business and/or professional women have decided to have lunch together on every second Wednesday and would like to invite others to join them.

The next meeting is scheduled for noon on Sept. 8 at the K&B Drive In.

"Any business or profes-

al women interested in meeting with us are welcome," a spokesman said. "It is Dutch-treat and very informal. Come join us."

Those who are interested may contact Louise Sedgwick, 426-3353, or Lillian Porter, 426-2015.

## Engagement announced

Mrs. Eloisa Sanchez announces the engagement of her daughter, Eva Sanchez, to Mr. Ronald Failes, son of Mr. and Mrs. Leon Failes of El Cerrito, California.

Miss Sanchez is a 1969 graduate of Hondo High School and attended a business college in San Antonio.

Mr. Failes is a 1964 graduate of El Cerrito High School. He is presently enrolled at the University of Texas in Austin.

The wedding date is set for September 26 at 8 o'clock at St. John's Church here in Hondo.

### Here in Hondo

Mr. and Mrs. James Schulz and children, Gary, Brian, and Deann, of Grand Rapids, Nebraska, returned to their home Saturday after spending two weeks with their families, the Andrew Schwenses and the Edwin Schultes.

Also, Misses Kathy Britsch and Charleen Lutz.

Mr. and Mrs. William J. Healy will honor their son and Miss Britsch with a rehearsal supper at Herman Son's Hall on Friday, Aug. 20.

Mr. & Mrs. Armando R. Villareal

## Pair United

Rio, Mrs. Bea Grant of Victoria, Mrs. Marta Lara of Alfarrias and Mrs. Flavia Figueiroa of San Angelo.

They wore sheer sparklite with silver trimming encircling the v-neckline. Maid of honor and attendants carried nosegays of shocking pink hydrangea against a silver-lace arrangement and wore shocking pink illusion headpieces gathered to a large bow of shocking pink sparklite.

Eloy Padilla of Del Rio was best man and groomsmen were Johnny Morales, brother of the bride, Millard Grant of Hondo, Tommy Felton, Robert De Leon and Maclovio Lara of Del Rio, and Armando Figueiroa of San Angelo. Ushers included Hugo Morales and Larraal.

Given in marriage by her father, the bride was lovely in a short sleeve A-line fitted gown fashioned of white silk-ened sparklite over white peau de soie. A pearl embroidered Nehru collar with more tiny pearls streaming down the front of the gown marked the bodice slightly fitted to the waistline to meet the chapel-length train. The hem of the chapel-length train as well as the large satin bow attached to the back of the gown, featured more tiny pearls. The three-tiered chapel-length veil of soft illusion was caught to a pearl-encrusted crown from Mexico. She carried a cascade of pink roses with green leaves as the background.

The bride was born and raised at the present Frick farm home and she is a 1971 Natalia High School graduate. The groom is employed with his father as a painter. After a trip to San Antonio the couple are at home in Castroville.

Out-of-town guests

were the groom's parents, Mr. and Mrs. Capps and Patrice from Moore, Mr. and Mrs. Roy Robert Capps from Blue Ridge, Texas, Mr. and Mrs. Julius Frick and Jimmy from Eagle Pass and Ned Kirby of Pearson.

Her other attendants were

Miss Sylvia Ytarte of Hondo, Miss Rosalie Gonzales, Brownsville, Miss Beatrice Lomas and Mrs. Mari Felton, Jr. of Del

Rio. Flower girl was Sandy Santos, niece of the bride. She wore a floor-length shocking pink sparklite A-line gown and carried a basket of white rose petals.

Reggie Rodriguez and Joey Alvarez were ring bearers. Each respectively carried the groom and bride's rings on a white peau de soie small pillow.

Miss Carmen Enrico, San

Antonio, was soloist. Selections played before and during the ceremony included "Time for Us" and the theme from "Romeo and Juliet".

A reception at the National Guard Armory followed the ceremony at the church.

Out-of-town guests came from Del Rio, San Antonio, Brownsville and Kerrville.

For traveling the bride wore a ruffled v-neckline, A-line fitted dress of shocking pink sparklite.

After a honeymoon trip to Dallas the couple will reside in Del Rio.

## School planning new classrooms

Planning is now underway on additional classrooms at the Hondo High School, Supt. Kenneth Flory announced this week.

Authorization for the project was given by the Board of Trustees in last regular meeting.

This project will use the surplus funds of \$140,000 remaining from the bond issue in 1969.

The tax levy for next year was reported in the August 12 issue of the Anvil Herald. However, the complete minutes of the Board meeting give more details on the matter. The minutes read:

"The following tax levy was passed unanimously:

"First: An ad valorem tax of and at the rate of eighty-three cents (.83) on the one hundred dollars cash value thereof estimated in lawful currency of the United States for the support and maintenance of the public free schools in said Hondo Independent School District.

"Second: An ad valorem tax of and at the rate of forty-two cents (.42) on the one hundred dollars cash value thereof estimated in lawful currency of the United States, to pay current interest on and provide one year's sinking fund for the outstanding bonds of said district.

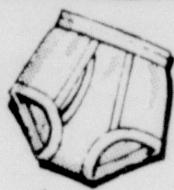

"Be it ordered by the Board of Trustees of the Hondo Independent School District that there is hereby levied for the 1971 year on all real property situated and all property owned within the limits of the Hondo Independent School District on the first day of January of the current year, except so much thereof as may be exempt by the Constitution and laws of this State and of the United States, the foregoing taxes."

That, with all the legal wording thrown in, constitutes the \$1.25 tax rate levied on property owners in the district. There was no change in rate from last year.

Aid for flood victims came swiftly and abundantly this past week.

Hardly had announcers on television, radio stopped talking and stories had been read than help came from all directions.

Saturday community leaders met with representatives from the American Red Cross, Salvation Army, National Guard, churches and civic organizations to form the Hondo Relief Association through which all aid could be channeled.

Rep. John Poerner, Judge Jerome Decker and Mayor George Brucks led the discussion and planning. They appointed Don Priem of the Salvation Army as general chairman and named the National Guard Armory as the headquarters for all efforts.

Appeals went out for bedding, clothing and furniture and by Sunday it was pouring into the Armory by the ton. Residents from all over Medina County--Hondo, Devine, Castroville, Dunlay, LaCoste, Natalia, D'Hanis, Yancey--emptied their clothes closets, And the help from area cities proved just as generous.

Cars, trucks, pickups came in from the Kerrville Lions Club, Del Rio, Uvalde, and San Antonio. "We know there were others, but we just couldn't get their names," Priem said.

Jim Hafer, installation foreman for the Southwest Bell work center on W. Commerce in San Antonio, made an appeal to his people and he brought three truck loads of clothing and bedding.

Mrs. R. C. Fulton called from Bandera wanting to get some furniture and a stove to the Flores family that was "featured on television." Roy

Flores, a son of the Hondo family, had lived in her apartments and everyone there wanted to help his family. So did the Tanners from Medina Lake.

The Archdiocese St. Vincent de Paul Society of San Antonio joined with the St. John's society here and Father George Steubben to send items.

Salvation Army headquarters in San Antonio served as a focal point for contributions from Alamo City residents and then delivered them.

Kitchen facilities were set up at the Armory Thursday and many persons were fed through Monday. Bennie Rodriguez of the State Guard worked 72 hours without sleep feeding people; and Antonio Alvarez of the National Guard put in many hours at the Armory along with Bill Green.

Milt Whitton and Monta Brigham of St. Louis and Jim Burleson of San Antonio represented the American Red Cross and they were joined by many volunteers from here and San Antonio to help sort

clothes, feed and care for people.

Tuesday morning Whitton opened the Red Cross office to process those persons needing items to get back in their homes. These grants include: clothing, bedding, appliance repair and some building repairs. This office covers the entire area affected by the flooding and Whitton said it would include as many as 450 families. Persons will be given disbursement orders for a total amount of items and they may buy the items at local stores.

Small Business Administration has declared area eligible for disaster loan assistance due to flooding, according to a telegram received Wednesday from Sen. John Tower.

However, Jack Fain of the San Antonio SBA office was ahead of the announcement. He came in Saturday and opened an office in the Armory Monday morning. He is

Chairman Priem said the Armory would remain open for all these efforts until "there is no more need for them."

#### Obituaries

### Rios funeral held

Funeral services were held Tuesday, Aug. 17, for Ignacio Rios, 78, who died Friday, Aug. 13, 1971, here in Hondo. Rosaries were recited on Aug. 15 and 16 at Guinn-Horner Chapel with Rev. George Steubben officiating and at St. John's Catholic Church with Fr. Wm. Weston, O.M.L. of San Antonio officiating.

Born to the late Norberto Rios and Dorotella Baldez Rios July 31, 1893 in Poteet, Mr. Rios was a retired laborer living in Hondo the past 70 years.

Surviving are his widow, Petra Galan Rios; two sons, Victor Rios, Sr. of Hondo and Frank Rios of Dallas; seven daughters - Sister Philomena of Mt. Sacred Heart Convent, San Antonio; Mrs. Frank (Felix) Gonzales, Robstown; Mrs.

Margarito (Savas) Moncada, San Antonio; Mrs. Juan (Ignacia) Sandoval, Powell, Wyoming; Mrs. Edward (Sarilda) Leyva, Hondo; Mrs. Joe (Frances) Dominguez, San Antonio; and Mrs. Joe (Mary Joe) Torres, Hondo.

Also, one brother, Berdardino Rios of Wichita Falls, 44 grandchildren and 41 great-grandchildren survive.

Services were held at St. John's Catholic Church with Rev. George Steubben officiating assisted by Rev. Franks, Rev. Dill Moral, Rev. John Burg, Rev. David Taliso, and Rev. Wm. Davis, all of San Antonio. Interment was in Guadalupe Cemetery.

Pallbearers were Elias Hernandez, Adolfo Rios, Victor Rios, Jr., Arturo Leyva, Margarito Moncada and Jerry Moncada.

Home for a visit with her parents, Mr. and Mrs. VICTOR RICO, last week was their daughter, SISTER MARY JUANITA of Pharr. A native Hondoan, she is a member of the Order of Sisters of the Holy Ghost, and serves as coordinator for the Confraternity of Christian Doctrine.

"This is my first visit to this Museum" she said, "and it gives me added pride in my home town."

A gift to the Museum from Mrs. OLEN (Hettie) HABY of Rio Medina really gave me a few nostalgic twinges. It is an album collection of picture post cards, circa early 1900's, that had belonged to her late mother, Mrs. Alfred Ruderger of D'Hanis.

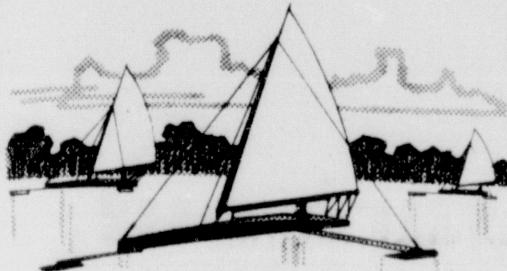

In my early (very) pre-teens, post card collecting was the in-thing and rivalry was keen as the girls in my black cotton-ribbed stocking social group vied for top place as collectors.

ALICE De La CRUZ, whom I remembered as a nurse's aid at our MM Hospital, was chauffering her young nephew, BLAS, Jr., (1 1/2) in a shopping cart at Winn's when we met a few days ago.

His parents are BLAS and FELIPA PALACIOS but he has a crush on his Aunt Alice and is content to be her shadow anywhere she goes. The young man has two sisters, CRISTY, 7, and BELIA, 4, who also think their little brother is rather special.

KATHY is the 2-year old (on May 10th) femme fatale in the DOUGLAS and FAY NELL BOHMFALK household which also includes two big brothers. Kathy held up two tiny fingers to leave no doubt about her encroaching maturity. She added another statistical fact to our interview: "And I live in Hondo, Texas."

A good place to live, I'd say.

## Owls practice delayed until Tuesday; 147 boys turn out

GETTING OWLS IN SHAPE  
... charge that line!

OWLS WORK OUT  
... fight off that blocker!

Flooding even left its mark on football practice this week, delaying the beginning of the Hondo Owl season until Tuesday.

Head Coach Nelson Bippert had scheduled physicals for Friday night, August 13, but weather conditions made it impossible for this to be done.

He issued gear Monday morning and slated physicals that night.

Then on Tuesday morning some 147 hopefuls donned practice gear and began a grueling two-a-day workouts that will prepare them for the first game of the season when the Owls host Del Rio on Sept. 10.

The Anvil Herald did not get to interview Coach Bippert Tuesday, but instead will give the fans a run-down on the Owls that was published in the new 28-AA District Football 1971 publication.

### Cowboys return ten

Ten returning lettermen give Coach Clayton Woolis the foundation for the 1971 Hanis Cowboy attack.

"Main problem will be filling backfield and end positions vacated by graduation of QB Charles Burrell, HB Vic Garcia, FB Ruben Rodriguez and E Ray Bendele," Woolis said.

Phillip Villarreal's half-back position will also have to be filled due to his sustaining an injury in baseball and will be lost for the year.

Candidates for these positions, according to the Coach, include: QB Bobby Joe Rothe and Ricky Rothe, HB Steve Jaso, David Santos and Spencer Burrell, End Eddie Rodriguez and Albert Rodriguez.

"Brighter spots are our returning linemen plus a group of nine freshmen who have a good chance of logging some playing time," the Coach said.

Other returning lettermen not mentioned include: Capt. Ralph Saralina, 180, tackle; Sasteno Garcia, 180, tackle; David Nester, 140, center; Augie Rothe, 150, guard; and David Gallegos, 165, guard.

Next week an interview with Coach Bippert will allow fans an opportunity to get the latest thinking on their favorite team and see how close

the two stories might be, or see if some changes are contemplated.

Here goes on the story, headline and all:

### HONDO AGAIN TEAM TO BEAT

"The always tough Hondo Owls seem to be the team to

beat for the 28-AA crown this fall.

"The Owls tied for the title last year, losing only to Carrizo Springs in district play and finishing with an 8-2 record overall.

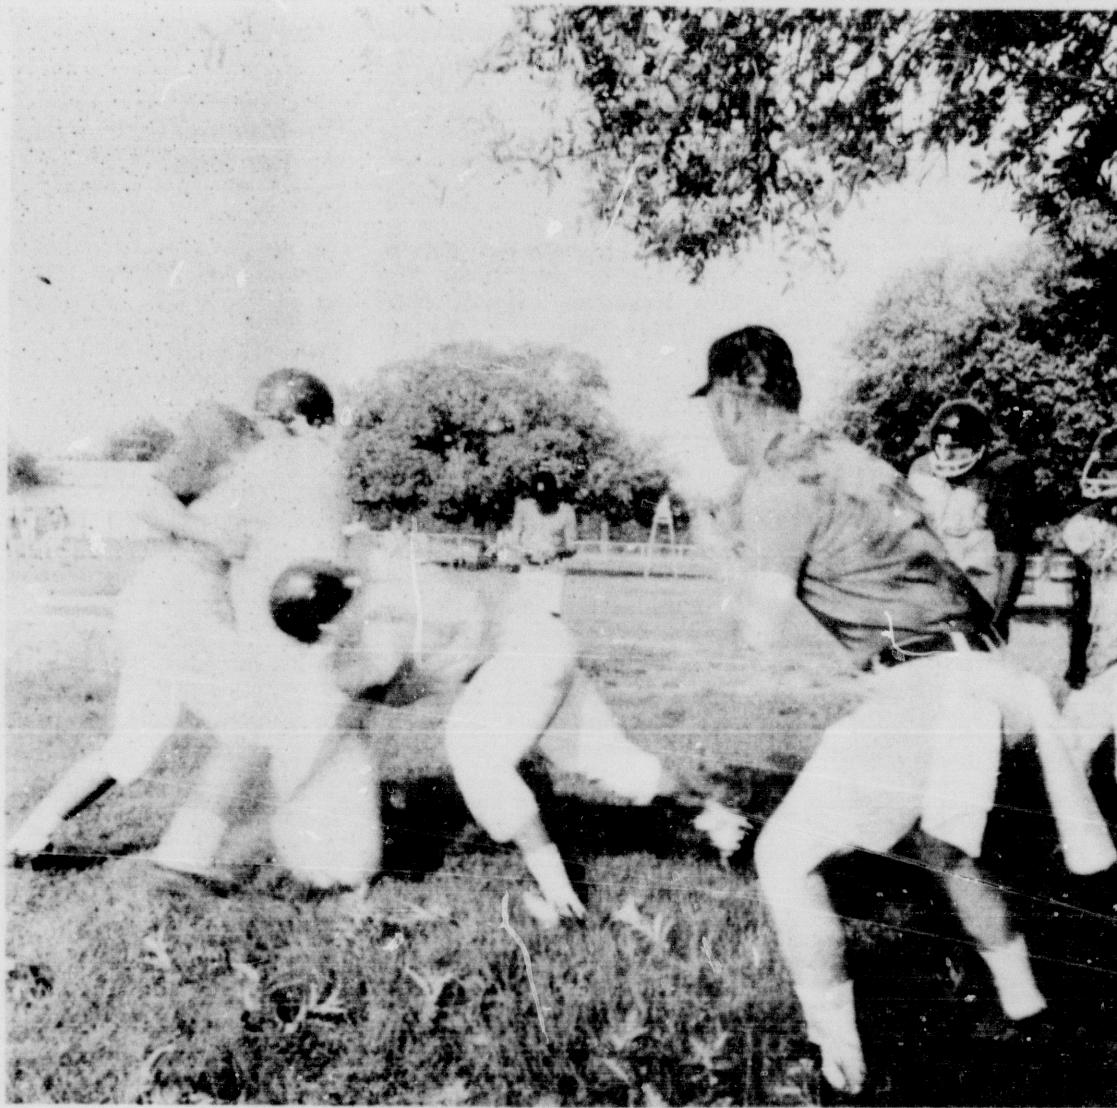

"A sizeable group of veterans return this fall to comprise the nucleus of a solid contender. With the return of 18 lettermen in September, as well as some fine youngsters up from a successful B squad, Coach Nelson Bippert could field his strongest team since coming to Hondo three years ago.

"The end position should be solid with the return of experienced Faron Helvey, 180, sr., and Eric Grant, 135, sr. Helvey proved to be a good blocker and dangerous receiver last year. Letterman James Batteau, 190, sr., returns after missing part of last year due to a broken leg. Terry Mechler, 165, jr., adds depth to the ends.

"Outstanding tackle prospects include Gary Zinsmeyer, 195, jr.; Gordon Wiemers, 170, sr.; Joseph Schueling, 190, sr.; Mark Timmerman, 165, sr.; all lettermen, and Mike Saathoff, 175, jr. The battle for the tackle spots amount these will definitely produce some quality blockers.

"Enemy defenses cannot concentrate on stopping the Owls in the air, however, due to a bevy of talent at running back. Owl backs lend variety to the running game due to the various styles offered to those courageous enough to step in front of them or quick enough to contain them. Keith Ligon, 185, jr., can hit off-tackle with power, or ramble with authority on Hondo's trademark, the power sweep. Other returning backs with lots of playing time are Lonnie Knowles, 145, sr.; Mark Buescher, 175, jr.; Jose Cadenas, 135, sr.; all lettermen, as well as Barry Braden, 160, jr. and outstanding fullback prospect John Abrego, 175, sr. up from a fine year on the B team.

"Both of the starting guards have departed by graduation and must be replaced. Out-

1971 OWL FOOTBALL SEASON BEGINS  
... push him back! push him back!

## Plans made for annual local golf tournament

Conditions at the Hondo Golf Course should be excellent for the 10th annual amateur Match Play Golf Tournament action slated September 3, 4, 5 and 6.

Hondo Pro-manager Virgil Krenmueller again serves as tournament manager and says he expects the tourney to field the limit of 96 players selected on a first to register basis.

"Deadline for the \$30 entry fee is August 20," Krenmueller pointed out. "And any withdrawals must be made before August 27 for the money to be refunded.

Contestants may qualify on any golf course but must send a score card signed by their local pro with their entrance fee. Any player shooting for Medalist, however, must qualify at Hondo on September 3.

Contestants must be 18 years old, or over. No high school players may enter, and the tournament management reserves the right to place each contestant in flight they deem most fit. There will be six flights.

Schedule for the full tournament includes:

Friday, Sept. 3 -- Final day for qualifying. Starting time 9 a.m. to 2 p.m. Cocktail party starting at 6 p.m.

Saturday, Sept. 4 -- 7 a.m. breakfast courtesy Hondo Chamber of Commerce; start first round matches - shotgun start - 8:30 a.m. -- 2nd, 1st

and Championship flights; 1:30 p.m. -- 3rd, 4th and 5th flights; 8 p.m. - dancing at National Guard Armory.

Sunday, Sept. 5 -- 7 a.m. breakfast courtesy Hondo Chamber of Commerce; start second round matches, shotgun start; 8:30 a.m. -- 3rd, 4th and 5th flights and consolation; 1:30 p.m. -- 2nd, 1st and Championship flights and consolation; 8 p.m. -- barbecue at National Guard Armory.

Monday, Sept. 6 -- breakfast 7 a.m. courtesy Hondo Chamber of Commerce; start third round matches, shotgun start; 8:30 a.m. -- all flights and consolation; 2 p.m. -- start finals, all flights and consolation; 6:30 p.m. -- awarding of prizes.

Members of the 1971 Tournament Committee include: Doug New, chairman; Milton Renken, Allen Sanders, John Boon.

George Rutherford heads the Hondo Golf Association as president this year. Directors are Rutherford, J. A. Hutto, Wesley Hueser, Sue Ann Graff, Ray Cortez, J. L. Ledbetter, R. J. Schott.

Excellent merchandise prizes await the winners. These include: Medalist - \$55 golf bag; Winner of each flight -- Pro Line set of irons; Runner-up each flight -- Pro Line set of woods; Consolation winner each flight -- \$45 golf bag; Consolation runner-up each flight -- one dozen golf balls; also trophies to each flight winner and each flight runner-up.

As in past years the Hondo Chamber of Commerce will treat tournament players to breakfast on Saturday, Sunday and Monday. Chamber directors and members will begin serving at 7 a.m. each morning.

Schedule for the full tournament includes:

Friday, Sept. 3 -- Final day for qualifying. Starting time 9 a.m. to 2 p.m. Cocktail party starting at 6 p.m.

Saturday, Sept. 4 -- 7 a.m. breakfast courtesy Hondo Chamber of Commerce; start first round matches - shotgun start - 8:30 a.m. -- 2nd, 1st

and Championship flights; 1:30 p.m. -- 3rd, 4th and 5th flights; 8 p.m. - dancing at National Guard Armory.

Sunday, Sept. 5 -- 7 a.m. breakfast courtesy Hondo Chamber of Commerce; start second round matches, shotgun start; 8:30 a.m. -- 3rd, 4th and 5th flights and consolation; 1:30 p.m. -- 2nd, 1st and Championship flights and consolation; 8 p.m. -- barbecue at National Guard Armory.

Monday, Sept. 6 -- breakfast 7 a.m. courtesy Hondo Chamber of Commerce; start third round matches, shotgun start; 8:30 a.m. -- all flights and consolation; 2 p.m. -- start finals, all flights and consolation; 6:30 p.m. -- awarding of prizes.

Youngsters 10 years old and younger will compete in a mad calf scramble.

Entry forms for the event, sponsored by the Medina County Rodeo Association, are available at the Hondo Chamber of Commerce office.

Open to the public, the Youth Rodeo admission charges have been set at \$1.00 for adults and 50 cents for children under 12.

In Hondo

### Rodeo action set Aug. 20-21

Future rodeo stars take to the Hondo Rodeo Arena at 8 p.m. Friday and Saturday nights in the first Medina County Youth Rodeo and the action they stir up promises to provide spectators plenty of thrills.

"The versatile wingback position, demanding that a boy be a good runner, blocker and receiver, will be fought for by lettermen Tinker Barrrios, 165, sr.; and Tony Hardt, 160, sr., as well as Robert Blackshear, 165, sr.

The Owl defense will play a big role in determining the overall success of this potentially fine squad. It is certain to be a strong deterrent, if not a stone wall to their opponents, as Hondo has traditionally been stingy in allowing scores by their foes.

Hondo fans are eagerly awaiting the fall debut of these outstanding athletes as they justly anticipate a great opportunity for the 1971 28-AA football championship."

### WE NEED

### A HOME

BY PATRICIA LAWRENCE,  
Regional Adoption Supervisor,  
Texas Department of Public Welfare

(This is the fourth in a series of eight articles covering answers to questions about adoption and foster home care.)

#### QUESTION:

Why should I use a licensed adoption agency to adopt a child?

#### ANSWER:

Licensed agency placement protects both prospective parents, children and natural parents in every way possible. It focuses on finding a suitable adoptive family for a child, rather than merely a child for the family. Every effort is made to bring about a placement for the maximum pleasure and satisfaction of the parents and security of the child.

All licensed adoption agencies have to meet and maintain standards in quality.

### Castroville youngsters help out

Young people from Castroville are the kind who "Like to extend a helping hand."

Monday afternoon a bus load of Castroville young people loaded on a St. Louis Parish bus and came to Hondo to help with cleanup details.

The effort was coordinated through the Castroville Chamber of Commerce, Bruce Rehm president.
